Here comes today's bargain

—Food, for Americans. We enjoy a higher standard of living . . . and especially eating . . . than ever.

Thanks to modern methods of farming, processing and food store management, food today takes less of our pay. It used to cost 60 hours of work to buy a month's supply of food. Now it only takes 37 hours.*

If we'd eat the way we did before World War II, food would cost even less. But we eat much better, more quality, and more variety.

STATE GASOLINE TAX STATE GRANGE OPPOSES IT.

The Massachusetts State Grange called on its 40,000 members to "battle all the way" Governor Peabody's proposal to increase the state gasoline tax by one cent a gallon.

In a letter to deputy masters throughout the State, Grange Master John E. Johnson declared no one has satisfactorily explained why the additional $15 million a year which the one-cent increase would bring in is needed, or how it would be spent.

Johnson pointed out Bay State motorists already are paying more than $310 million each year in special taxes and fees levied by local, state and federal governments.

The present state gasoline tax is 5 1/2 cents, coupled with a four-cent federal tax for a total levy of 9 1/2 cents a gallon.

Earlier this year, after the governor hinted a one-cent tax increase might be in the offing, Johnson wrote

In his letter to his deputies he noted that Peabody has "decided to carry out his threat," and called on the organization's membership to make it clear to the Legislature that "we are more firmly opposed than ever."

NATIONAL FIRE PREVENTION WEEK

Again the Federal government has designated the week of October 6 as "Fire Prevention Week".

This is the time that they ask, as well as does your own Fire Department, that you inventory your home for the various hazards that would permit an undiscovered fire to get started in a remote place.

We earnestly ask that you have your heating and cooking facilities checked by a competent licensed man and further request that you follow any recommendations he might make.

The theme for this year is "DON'T GAMBLE WITH FIRE--THE ODDS ARE AGAINST YOU." "DON'T GIVE FIRE A CHANCE TO GET STARTED".

Your Fire Department will hold open house on Sunday, October 6, 1963 between the hours of 10 A.M. and 5 P.M. Everyone is cordially invited to inspect the station and equipment. Members of the department will be present to answer questions and explain equipment and home fire prevention.

X-RAY SURVEY IN MATTAPOISETT

Plans have been completed for the Special Groups X-ray survey which begins Friday, November 15, 1963, it was announced by Dr. Albert York, Dr. Stanley J. Mysliwy and Mr. John Field, members of the Board of Health of Mattapoisett.

The survey is being conducted by the Plymouth County Health Association under the local sponsorship of the Board of Health.

In making the announcement, Dr. Albert York, chairman, strongly urged the participation of the "special groups" - so-called because of their higher tuberculosis rate and other respiratory diseases. The groups are men over 25, both sexes over 60, foodhandlers, industrial workers and occupants and employees of nursing and rest homes. This service will also be available for school employees.

ESQUIRE DISCOVERS EMILE

The October issue of Esquire contains an article that points straight to Mattapoisett with high recommendations. Part of the section, "Dining Out With Esquire" is devoted to Emile's French Kitchen. The author, touring the Cape with his wife, was attracted by the sign at Emile's. Since the couple thoroughly enjoy the cuisine of France, they ventured in. Their surprise is genuine when they find that Emile is a French trained chef, having served apprenticeships in all the great kitchens of Paris including the Hotel Ritz. The writer describes his meal and goes into detail about the food available on the menu. He tells of his conversation with Emile. In a very complete and complimentary way, Esquire recommends that its readers stop at this French restaurant. (Pages E20-E21).

EXAMINATION FOR SERVICE ACADEMIES

Senator Leverett Saltonstall last week notified all Principals of high schools, private schools and parochial schools in Massachusetts of the designation examination for the service academies - West Point, Annapolis, the Merchant Marine Academy, Kings Point, New York, and the U. S. Air Force Academy, at Colorado Springs, Colorado - on Saturday, November 9th.

Senator Saltonstall, who will have vacancies at all the academies, except West Point, urged students in their junior or senior years to apply to their Senators, their Congressman, and the

Vice President of the United States for appointment. "Many students do not know that they can apply through all sources of appointment simultaneously, thus increasing their chance of being a principal or alternate nominee," said the Senator.

Principals were informed that application forms and sample examination questions would be furnished promptly to applicants, who must return their completed applications to the Senator by Monday, October 21.

The designation examination is held by the U. S. Civil Service Commission for Members of Congress who desire it as part of their selection procedure. Senator Saltonstall has used it throughout his tenure in the Senate. In selecting nominees, he considers prime factors to be: motivation and desire to serve one's country, leadership qualities, excellence of school record, and of course a good grade in the designation examination.

Members of the armed services or Reserve components, sons of members of the armed services on duty, and sons of deceased war time veterans are also eligible for additional competitive nominations and should consult the academy catalog, the Senator concluded in his announcement.
